

**REMARKS/ARGUMENTS**

The Applicant thanks the Examiner for the Office Action of September 21, 2005.

A certified copy of the priority document PO7991 is filed herewith.

Claim 8 has been amended to append to claim 5 which is current.

The Examiner has indicated the allowance of claim 10 if re-written in independent form, for which indication the Applicant is grateful. Accordingly, claim 1 has been amended to recite the features of claim 10, and of claim 2 on which claim 10 was dependent.

Corresponding amendments have been made to the method claims by amending claim 23 to recite the limitations of claims 24 and 26 which have been subsequently cancelled.

Applicant considers that by these amendment, the claims are distinguished from the prior art. Further consideration of the application is therefore respectfully requested.

Very respectfully,

Applicant:
